NJSRC Attendees,

Welcome to the NJ LSRPA's third annual New Jersey Site Remediation Conference! We are building on the success of the 2019 and 2018 conferences, which were experienced by more than 400 attendees each year. This year, we are providing even more education, expertise-sharing and networking opportunities than ever before.

In addition to our annual membership business meeting, which is required by LSRPA by-laws, the LSRPA has made this conference an integral part of the ongoing education of LSRPs. We encourage you to attend the open meeting of the NJ Site Remediation Professional Licensing Board being held at the conference, where you will gain insight into the Board's roles and responsibilities. NJDEP is participating in a "Meet the Regulators" table throughout the conference. In addition, vendors are displaying their latest innovations. The conference poster session and short presentations are also expanded for 2020.

The highlight for me and many other attendees is the opportunity to interact with peers, learn from their experience, and share my own.

I have had the honor and privilege of serving as the President of the LSRPA in 2019, which marked our 10 year anniversary. I'm proud of all that we have accomplished and excited about what the LSRPA will continue to accomplish. Thank you for your membership, your sponsorship, your volunteer hours, your creativity and your professionalism. Thank you for protecting human health and the environment of New Jersey.

Sincerely,

Caryn L. Barnes, LSRP  
President

Welcome to the 2020 New Jersey Site Remediation Conference (NJSRC)! The LSRPA is proud to continue to offer this fantastic event for LSRPs, guests, vendors and allied trades. Last year's Conference introduced technical presentations and a plated lunch. We're proud to introduce new features again this year, including a mobile app, an Exhibitor Passport featuring select exhibitors, and the February meeting of the New Jersey Site Remediation Professional Licensing Board.

The goal of the NJSRC is to provide LSRPs an opportunity to enhance technical and regulatory skills through coursework, interaction with vendors who support LSRPs, and discussion with one another on issues that affect our profession. For the 2020 Conference, we'll welcome NJDEP Chief of Staff Shawn LaTourette as our honored Keynote Speaker. Please join us during lunch to hear Mr. LaTourette's insights into the current and future goals of the NJDEP.

The 2020 NJSRC Committee is comprised of a dedicated group of LSRPA members and staff. Building on the successes of the past two years, this year's Conference has been enhanced through the significant effort of the Committee and LSRPA leadership, and the valuable feedback from prior years' attendees.

Thank you for choosing to attend the 2020 NJSRC! Your participation, feedback, ideas, and effort will ensure the continued success of this signature event and the greater LSRP community.

Sincerely,

## Conference Highlights

### Conference App

We encourage you to connect to the conference app in order to have the information in this program book more readily available on your phone. The instructions are on the back outside page. We welcome feedback on whether this was a beneficial enhancement to your conference experience.

### Exhibitor Passport

New this year, we have an exhibitor passport booklet for you to use as you visit the participating exhibitors at their table for a chance to win a \$300 Visa Gift Card. **MUST BE PRESENT TO WIN.** Drawing of name will be at **3:25 pm** on Wednesday, so make sure you get your passport filled out right away! Passport booklets are available at the registration desk.

## Tuesday Highlights

### More Courses

We have added more courses this year on Tuesday for you to consider. Check the Schedule at a Glance for details.

### LSRP Exam Prep Course

**Tuesday 2 pm, Conference I**

The next LSRP exam will be on April 22, 2020. The LSRPA is offering an LSRP Exam Preparation Course for prospective LSRPs over two half-day sessions. The LSRP Exam Preparation Course reviews the regulations and technical guidance upon which the LSRP Exam is based. This is the only prep course before the April 2020 exam. Class is split 4.5 hours Tuesday afternoon (2:00pm - 6:30pm), 4 hours Wednesday morning (8:00am to 12:00 pm).

### Technical Presentations

**Tuesday, Garden State Ballroom; Wednesday, Regency C**

Once again this year, we will be hosting Technical Presentations. All conference participants are encouraged to attend these presentations on topics related to the LSRP practice and the remediation of contaminated sites. The speakers are seasoned LSRPs and technical experts who will be sharing their knowledge and insights on topics such as vapor intrusion, contaminant migration, thermal remediation, green remediation, bioremediation, 1,4 dioxane, air monitoring and remedial processes. CECs will be available. You will find the list of Technical Presentations in this program book, after the Schedule at a Glance.

### Meetings

This year we are hosting the SRP Licensing Board (SRPLB). The NJ Site Remediation Professional Licensing Board will be holding its February meeting at the Conference at 5pm in the Garden State Ballroom. If you've never attended before, this is a great opportunity to see firsthand the work that the Licensing Board does for the profession! The meeting is open to all attendees.

We will also have the LSRPA Annual Membership Meeting & Voting (members only) at 7 pm in the Garden State Ballroom, and the LSRPA Annual General Meeting at 8:30 am in the Regency ABC. See more details further in the program book.

### Reception

**7:30 pm, Atrium & Regency DEF**

Between the meetings, enjoy the reception in our two exhibit halls, Atrium and Regency DEF, with plenty of food and use your two drink tickets found in your name badge pouch.

# Conference Highlights Continued

## Wednesday Highlights

### Breakfast

**7 am, Atrium**

Join us for breakfast while looking through this program book to learn of all the day's activities and amenities including: quality continuing education courses; visiting with exhibitors (especially the participating passport exhibitors); attending the technical presentations and viewing the posters; meeting the DEP Regulators and LSRPA CEC Committee; gathering information from our partners in environmental remediation; and meeting with colleagues, peers, clients, service providers, legislators, and government officials.

### Welcome & Keynote Lunch Address

**12 pm, Regency ABC & Foyer**

**Robert Barrett, the President/CEO, Aqua Pro-Tech Laboratories**

The lunch session will begin with Robert Barrett, the President/CEO of Aqua Pro-Tech (APL), our Master Sponsor, welcoming the attendees. APL has provided uncompromised accuracy in environmental testing for over 40 years. The company tests, soil, disposal materials, wastewater, sludge and drinking water. Its market includes private industry, environmental engineers, public utilities, and government agencies such as the Port Authority of New York and New Jersey. They also provide a variety of field sampling services. They look forward to meeting you!

### Shawn LaTourette, Chief of Staff, New Jersey Department of Environmental Protection (NJDEP)

Mr. LaTourette serves as Chief of Staff to NJDEP Commissioner Catherine R. McCabe. Shawn assists the Commissioner in leading the department, shaping environmental policy and regulation across New Jersey. He is the DEP's principal liaison to the Office of Governor Phil Murphy and leads the DEP's senior staff, providing policy advice and direction to each of the DEP programs responsible for protecting New Jersey's air, land and water, and its natural and historic resources.

### Visit the "Meet the Regulators" Table

**Wednesday Only, Foyer**

The New Jersey Department of Environmental Protection (NJDEP), Site Remediation Waste Management Program (SRWMP), will staff a "Meet the Regulators" table in the conference exhibition hall. The SRWMP will be represented by Christina Page, Lynne Mitchell, Gerry Hahn, Tyrone Jordan and Atwood Davis. Christina Page and Lynne Mitchell, who lead the SRWMP Training and Rule Update Committees, will address questions on SRWMP Training and the Rule updates as a result of SRRA 2.0. Gerry Hahn, who serves as the point contact on receptor evaluations and the issuance of Response Action Outcomes, will take questions on these topics. Atwood Davis, Supervisor of the Remediation Funding Source (RFS) Unit, will field questions on ISRA Remediation Certifications, RFS and financial assurance. Tyrone Jordan will represent the interests of Bureau of Information Systems (BIS) and take questions on the submission of documents through the NJDEP's Online Business Portal. Make sure to stop by and meet the Regulators!

### The LSRPA Continuing Education Committee (CEC)

**Wednesday Only, Foyer**

The LSRPA Continuing Education Committee (CEC) wants to hear from you! It is the CEC's mission to develop and administer an education program that provides environmental practitioners with the most current and relevant technical and regulatory courses which will enhance practitioner's knowledge and skills. CEC members Tina Layre, Bill Call, and Mike Poland, will have a table at this year's conference to discuss current and new educational opportunities for 2020, and the LSRPA 2021 NJSR Conference. Make sure to stop by and provide your educational thoughts, creative concepts and feedback to further the success of the LSRPA CE Program!
